

Louisiana State Science & Engineering Fair 2022

Junior Division

Overall Award Winners

First Place Overall

Jamal Beverly, BEH-161

Lake Forest Charter School – New Orleans, LA

Second Place Overall

Julia Braud, PL-139

First Baptist Church School – Shreveport, LA

Overall School

Glasgow Middle School – Baton Rouge, LA

Broadcom Masters

Ayaan Abbasi	Development of a Video Game to Aid in Learning and Comparison of Results to Quizlet	FK White Middle School
Brynnan Self	The Effect of Shampoo with Different Amounts of Sulfates on Semi-Permanent Red Hair Dye	Sherwood Middle Academic Magnet
Ella Higginbotham	What do earthworms 'dig'?	Winnfield Middle School
Ethan Wang	Development of a Video Game to Aid in Learning and Comparison of Results to Quizlet	FK White Middle School
Jamal Beverly	Sooner Vs. Later: Testing the accuracy of eyewitness identifications	Lake Forest Charter School
JAVIEN HENDERSON	Multi-shell Nanoparticles for Photothermal Cancer Therapy	Kenilworth Science and Technology
Jessica Anderson	Upside Down Gardening	Lafayette Christian Academy
Julia Braud	Eradicating Lespedeza: Is There A Better Way?	First Baptist Church School
Julia Jung	Cardiac Segmentation in Short-Axis MRI Using a Convolutional Neural Network	Glasgow Middle School
Karoline Lee	Let It Grow	Providence Classical Academy
Keira Carmichael	Does Gender Modify the Effect of Hypertension on Amyloid-Beta?	Glasgow Middle School
Maya Trutschl	Microcontroller-Driven Remote HVAC Monitoring System for a Greener Planet	Caddo Parish Middle Magnet School
Paul Carmichael	Modeling the Effects of Future Covid-19 Variants Using R	Glasgow Middle School
Rylee McField	Lemongrass: The Cure to the Future	Lake Forest Charter School
Sarah Schmeeckle	Rainbow Connection	St. Jude the Apostle
Sidonie Bayard	The Effect of Liquid Type on How Long Cut Flowers Survive	Sherwood Middle Academic Magnet
Silas Sorensen	Does the Tightness of the Coil Affect the Functionality of the Radio?	Glasgow Middle School
William Mumford	How Hot is That Pepper?	St. Jude the Apostle

Lemelson Early Inventor Award

Maya Trutschl	Microcontroller-Driven Remote HVAC Monitoring System for a Greener Planet	Caddo Parish Middle Magnet School
---------------	---	-----------------------------------

Naval Science Award

Jamal Beverly	Sooner Vs. Later: Testing the accuracy of eyewitness identifications	Lake Forest Charter School
Julia Braud	Eradicating Lespedeza: Is There A Better Way?	First Baptist Church School
Silas Sorensen	Does the Tightness of the Coil Affect the Functionality of the Radio?	Glasgow Middle School

Animal Sciences

Fourth Place

Braden Nosser	ANM-142	SHAKE!	Holy Cross School
---------------	---------	--------	-------------------

Third Place

Breanna Zhu	ANM-025	Bird Flight	Glasgow Middle School
-------------	---------	-------------	-----------------------

Second Place

Gracie Moore	ANM-131	Do dogs have a favorite color?	Winnfield Middle School
--------------	---------	--------------------------------	-------------------------

First Place

Ella Higginbotham	ANM-129	What do earthworms 'dig'?	Winnfield Middle School
-------------------	---------	---------------------------	-------------------------

LSEF Junior Division

Behavioral and Social Sciences

Fourth Place

Leo Bryant	BEH-109	Pet Pressure	Winnfield Middle School
------------	---------	--------------	-------------------------

Third Place

Sarah Schmeackle	BEH-029	Rainbow Connection	St. Jude the Apostle
------------------	---------	--------------------	----------------------

Second Place

NATHAN HENDERSON	BEH-028	What Color is This?	Prairieville Middle School
------------------	---------	---------------------	----------------------------

First Place

Jamal Beverly	BEH-161	Sooner Vs. Later: Testing the accuracy of eyewitness identifications	Lake Forest Charter School
---------------	---------	--	----------------------------

LSEF Junior Division

Biochemistry

Fourth Place

Grace Courville	BCM-005	The Science of Sensitive Skin Care	Homeschool-RiceField Christian Academy
-----------------	---------	------------------------------------	--

Third Place

luke bordelon	BCM-121	how does fungus react under different conditions?	FK White Middle School
Chrisanth Marapalli	BCM-121	how does fungus react under different conditions?	FK White Middle School

Second Place

Jaymon Williams	BCM-090	How Does the pH Level Affect the Digestion of Protein?	John Curtis Christian
-----------------	---------	--	-----------------------

First Place

Larissa Boldor	BCM-026	Effects of Temperature and Time Exposure During Heat Shock on Plasmid Uptake in Non-Pathogenic E. coli Bacteria	Glasgow Middle School
----------------	---------	---	-----------------------

Biomedical and Health Sciences

Fourth Place

Savannah Lu	BMH-032	Does the amount of screen time affect vision?	Sherwood Middle Academic Magnet
-------------	---------	---	---------------------------------

Third Place

Londyn Richardson	BMH-031	The Effect of Different Masks on the Amount of Bacteria	Sherwood Middle Academic Magnet
-------------------	---------	---	---------------------------------

Second Place

Brittney Tate	BMH-099	How Do Your Favorite Sugary Drinks And Toothpaste Brands Affect Your Teeth	Parks Middle School
---------------	---------	--	---------------------

First Place

Ozma Baurick	BMH-104	Checking Out Germs!	International School Of Louisiana
--------------	---------	---------------------	-----------------------------------

LSEF Junior Division

Biomedical Engineering

Fourth Place

Rayna Smith	BME-008	Muscles on the ISS	SP Arnett
-------------	---------	--------------------	-----------

Third Place

Conner Istre	BME-016	Fingerprint Patterns	St. Margaret Catholic School
--------------	---------	----------------------	------------------------------

Second Place

JAVIEN HENDERSON	BME-030	Multi-shell Nanoparticles for Photothermal Cancer Therapy	Kenilworth Science and Technology
------------------	---------	---	-----------------------------------

First Place

Solomon Richardson	BME-105	Testing Durability of Prosthetics made with Different Material	Holy Cross School
--------------------	---------	--	-------------------

LSEF Junior Division

Cellular and Molecular Biology

Fourth Place

Courtnee Gedward	CLB-118	What are Mirror Twins and How are they different from Fraternal Twins?	St. Martinville Jr. High School
Kayden Gedward	CLB-118	What are Mirror Twins and How are they different from Fraternal Twins?	St. Martinville Jr. High School

Third Place

Kingston Mayfield	CLB-126	What is Blood and what Is it made of	Sunset middle school
-------------------	---------	--------------------------------------	----------------------

Second Place

Cecily Lu	CLB-036	Milk's Effect on Nematodes	Glasgow Middle School
-----------	---------	----------------------------	-----------------------

First Place

Sarah Ebenezer	CLB-035	Use of Skin Organoids to Study Melanoma: Potential Effects of Blueberry	Glasgow Middle School
----------------	---------	---	-----------------------

Chemistry

Fourth Place

Elianna Prince	CHM-159	How the PH of Water Affects the rate of Copper Corrosion	Lake Forest Charter School
----------------	---------	--	----------------------------

Third Place

William Mumford	CHM-038	How Hot is That Pepper?	St. Jude the Apostle
-----------------	---------	-------------------------	----------------------

Second Place

Tristan Alonso	CHM-138	Water Electrolysis	Our Lady of Lourdes
----------------	---------	--------------------	---------------------

First Place

Brynnan Self	CHM-037	The Effect of Shampoo with Different Amounts of Sulfates on Semi-Permanent Red Hair Dye	Sherwood Middle Academic Magnet
--------------	---------	---	---------------------------------

LSEF Junior Division

Computational Biology and Bioinformatics

Second Place

Irianna Webb	CBB-033	Can Virtual Reality Affect A Human's Body Temperature	Kenilworth Science and Technology
--------------	---------	---	-----------------------------------

First Place

Paul Carmichael	CBB-034	Modeling the Effects of Future Covid-19 Variants Using R	Glasgow Middle School
-----------------	---------	--	-----------------------

LSEF Junior Division

Earth and Environmental Sciences

Fourth Place

Audrey Malinski	EAE-069	What is a bee's favorite color	St. Peter's Catholic School
-----------------	---------	--------------------------------	-----------------------------

Third Place

Claire England	EAE-039	The Effects of Annual Rainfall on the pH Level of Soil	Sherwood Middle Academic Magnet
----------------	---------	--	---------------------------------

Second Place

Timothy Namikas	EAE-144	An Investigation of the Ability of Riparian Buffers to Reduce Pollution at the LSU University Lakes	Glasgow Middle School
-----------------	---------	---	-----------------------

First Place

Dinah Smith	EAE-172	Does the number of organisms in water affect the water quality before and after purification?	Lake Forest Charter School
-------------	---------	---	----------------------------

Embedded Systems

Fourth Place

Gabrielle Nguyen	EMB-166	Passing As a Password	Lake Forest Charter School
------------------	---------	-----------------------	----------------------------

Third Place

Emily Cabrera	EMB-098	What Materials Block an RFID Signal?	John Curtis Christian
---------------	---------	--------------------------------------	-----------------------

Second Place

Maya Trutschl	EMB-128	Microcontroller-Driven Remote HVAC Monitoring System for a Greener Planet	Caddo Parish Middle Magnet School
---------------	---------	---	-----------------------------------

First Place

Silas Sorensen	EMB-040	Does the Tightness of the Coil Affect the Functionality of the Radio?	Glasgow Middle School
----------------	---------	---	-----------------------

LSEF Junior Division

Energy: Sustainable Materials & Design

Fourth Place

Jacob Istre	ENR-014	Light Emission	St. Margaret Catholic School
-------------	---------	----------------	------------------------------

Third Place

Joaquin Torres	ENR-047	How can I make a powerful coin battery for natural disasters and which electrolyte solution will work the best?	Baton Rouge International School
----------------	---------	---	----------------------------------

Second Place

Emily Grace Adams	ENR-107	Is the Gas Worth the Cash?	Winnfield Middle School
-------------------	---------	----------------------------	-------------------------

First Place

SHREY SHAH	ENR-046	Does Dam Height Matter	Dutchtown Middle School
------------	---------	------------------------	-------------------------

LSEF Junior Division

Engineering Technology: Statics & Dynamics

Third Place

alex Mathis	ENG-013	How To Build a Cheap Drone	St. Margaret Catholic School
Scarlet Reeves	ENG-002	Cat Warmet	St. Margaret Catholic School

Second Place

Maverick Hassenboehler	ENG-094	What Type of Bridge Truss is the Strongest	John Curtis Christian
------------------------	---------	--	-----------------------

First Place

Sawyer Barron	ENG-092	Do Squirrels Eat Your Plants	John Curtis Christian
---------------	---------	------------------------------	-----------------------

Environmental Engineering

Fourth Place

Andy Hoang	ENV-175	Sustainable Bioplastics: Material Durability	Lake Forest Charter School
------------	---------	--	----------------------------

Third Place

Eluzai De La Paz	ENV-042	Salinity Harms Duckweed	Kenilworth Science and Technology
Enlai De La Paz	ENV-042	Salinity Harms Duckweed	Kenilworth Science and Technology

Second Place

Lathan Johnson	ENV-001	The Last Air Bender	Natchitoches Junior High
----------------	---------	---------------------	--------------------------

First Place

Laurel Williams	ENV-043	The Effect of Wood Types on Moisture Levels	Sherwood Middle Academic Magnet
-----------------	---------	---	---------------------------------

LSEF Junior Division

Materials Science

Fourth Place

Maggie Vanchiere	MS-146	At the Speed of Water	St. John Berchmans Catholic School
------------------	--------	-----------------------	------------------------------------

Third Place

Alyna Greco	MS-125	Which Cup Will keep the Liquid the Warmest?	Youree Drive Middle School
-------------	--------	---	----------------------------

Second Place

Kashvi Kumar	MS-053	Acoustic Insulation	Glasgow Middle School
--------------	--------	---------------------	-----------------------

First Place

Grace Ding	MS-052	What is the relationship between moisture and the strength of balsa wood?	Glasgow Middle School
------------	--------	---	-----------------------

LSEF Junior Division

Mathematics

Second Place

Janie Elliott	MA-048	Jenga: How High Can You Go?	St. Jude the Apostle
---------------	--------	-----------------------------	----------------------

First Place

Rishabh Gala	MA-049	Fast Primality Testing	Glasgow Middle School
--------------	--------	------------------------	-----------------------

Microbiology

Fourth Place

Britney Nguyen	MCR-167	Hydrating Vs. Salicylic Acid Cleanser: Which Cleanser is More Effective in Killing Bacteria?	Lake Forest Charter School
----------------	---------	--	----------------------------

Third Place

Joanna Fang	MCR-050	The Effect Of Different Cleaners on the Amount of Bacteria on Public Tables	Sherwood Middle Academic Magnet
-------------	---------	---	---------------------------------

Second Place

Julianna Tan	MCR-086	What You Can't See... Can Hurt You (Food Safety with Hyperspectral Imaging)	St. Frederick High School
--------------	---------	---	---------------------------

First Place

Abigail Qi	MCR-051	How do the populations of vibrio respond to Bdellovibrio and like organisms?	Glasgow Middle School
------------	---------	--	-----------------------

LSEF Junior Division

Physics and Astronomy

Fourth Place

Kullen Mitchell	PHA-022	Does Ball Size Really Matter?	St. Margaret Catholic School
-----------------	---------	-------------------------------	------------------------------

Third Place

Judah Fastring	PHA-134	Stretchy Springs Measure Things	Little Oak Middle School
----------------	---------	---------------------------------	--------------------------

Second Place

Bradie Eppinette	PHA-101	Choose Your Stride!	St. Frederick High School
------------------	---------	---------------------	---------------------------

First Place

Caleb Gosserand	PHA-055	The Effect of Pressure Due to Gas Temperatures	Sherwood Middle Academic Magnet
-----------------	---------	--	---------------------------------

LSEF Junior Division

Plant Sciences

Fourth Place

Jessica Anderson	PL-076	Upside Down Gardening	Lafayette Christian Academy
------------------	--------	-----------------------	-----------------------------

Third Place

Rylee McField	PL-170	Lemongrass: The Cure to the Future	Lake Forest Charter School
---------------	--------	------------------------------------	----------------------------

Second Place

Karoline Lee	PL-145	Let It Grow	Providence Classical Academy
--------------	--------	-------------	------------------------------

First Place

Julia Braud	PL-139	Eradicating Lespedeza: Is There A Better Way?	First Baptist Church School
-------------	--------	---	-----------------------------

Robotics and Intelligent Machines

Fourth Place

Jaelyn Bergeron	RO-116	How are Robots used in the Waste Management Industry?	St. Martinville Jr. High School
Kenadie Broussard	RO-116	How are Robots used in the Waste Management Industry?	St. Martinville Jr. High School

Third Place

Xagen McLaughlin	RO-059	AI Learning	Kenilworth Science and Technology
------------------	--------	-------------	-----------------------------------

Second Place

Robert McCauley	RO-108	Is it ripe yet?	FK White Middle School
-----------------	--------	-----------------	------------------------

First Place

Kaya Arnaudov	RO-062	StudyBuddies	Glasgow Middle School
Tia Seay	RO-062	StudyBuddies	Glasgow Middle School
Mya Thompson	RO-062	StudyBuddies	Glasgow Middle School

LSEF Junior Division

Systems Software

Fourth Place

Nathaniel Young	SSO-150	A Comparison of Natchitoches Parish Students' Face-to-face and Virtual Learning Experiences	NSU Middle Lab
-----------------	---------	---	----------------

Third Place

Kaylee Zhang	SSO-006	The Security of Cryptographic Transactions	Bishop Noland Episcopal Day School
--------------	---------	--	------------------------------------

Second Place

Ayaan Abbasi	SSO-096	Development of a Video Game to Aid in Learning and Comparison of Results to Quizlet	FK White Middle School
Ethan Wang	SSO-096	Development of a Video Game to Aid in Learning and Comparison of Results to Quizlet	FK White Middle School

First Place

Julia Jung	SSO-064	Cardiac Segmentation in Short-Axis MRI Using a Convolutional Neural Network	Glasgow Middle School
------------	---------	---	-----------------------

LSEF Junior Division

Translational Medical Science

Second Place

Keira Carmichael	TMS-065	Does Gender Modify the Effect of Hypertension on Amyloid-Beta?	Glasgow Middle School
------------------	---------	--	-----------------------

First Place

Dev Iyer	TMS-066	INVESTIGATING THE ANTIBACTERIAL PROPERTIES OF HOLY BASIL ON STAPHYLOCOCCUS AUREUS	Glasgow Middle School
----------	---------	---	-----------------------
